## Join SAMS as a Student Representative for Your University

The Syrian-American Medical Society, SAMS, has been at the forefront of the response to the medical side of the humanitarian crisis that has unfolded as a result of the Syrian Civil War.

SAMS supports medical facilities inside Syria as well as in countries that are dealing with sizable numbers of refugees.

In 2015, SAMS treated **2.6 million** Syrians and refugees across the region.

The SAMS student representative program is intended to give college students the opportunity to get involved with relief activities aiming to alleviate the suffering caused by the worst refugee crisis since World War II.

Students from all backgrounds are encouraged to apply. If you have any questions about the application, send an email to [oghabra@uw.edu](mailto:oghabra@uw.edu).
